

The logo for Toposim, featuring the word "toposim" in a bold, green, sans-serif font. The letter "o" is replaced by a small, realistic image of the Earth from space, showing blue oceans and white clouds.

toposim

A detailed topographic map of Western Europe, showing mountain ranges, valleys, and rivers. The terrain is rendered in shades of green, brown, and grey, with a clear blue sky above. The map is oriented with North at the top.

WESTERN EUROPE

V 1.0

Installation

Installation is handled by Steam after purchase of the product. After purchasing the product the files will be downloaded and installation into the Scenery Library will be automatic.

You can check that the scenery has been installed by:

- Launching FSX:SE and clicking Settings.
- Then click on Scenery Library.
- Toposim Western Europe should be visible at the top of the scenery list.
- If you do not see the scenery entry, please contact support.

Support

Questions, comments, and problems should be posted in the appropriate forum under the Support & Community tab.
