

ANGRY GOLF- MANUAL

GAMEPLAY:

Player mission is to shoot ball to goal under ideal score. Game is combination for shooter and golf game. Every level has maximum shots to use and best levels player can reach hole in one.

Player need pass level under this ideal score if want unlock next level. Game has level progression and contains level progression.

Player ball has power meter which is controlled by left mouse button. Mouse is used also to ball aiming. If player walls out of track he will respawn to last shooting place. Also most levels contains traps like fire,laser beams,bombs and evil pigs. Hitting to those traps will destroy player ball and it will spawned to last shooting area/place.

Finishing level will give player Steam achievements. After last level game will select next level randomly. Also all level progression can reset via button in main menu

CONTROLS:

Left mouse = Shoot ball

R= Restart level

Use mouse also to aim ball
