Whilst we do our utmost to reproduce sounds that are accurate and true-to-life, sometimes these sounds may not completely tally with the user's expectation. Due to the nature of the simulation, it is often not possible to reproduce a completely accurate soundscape for a variety of reasons such as limitations with our current technology and occasional inability to gain meaningful access to the locomotives being created. You should therefore regard the audio reproduction for our locomotives as authentic interpretations rather than perfect recreations.

# 1 Rolling Stock

## 1.1 Class 700

## 2 Driving the Class 700

### Cab Controls

1	Master Key
2	Reverser
3	Combined Throttle and Brake

1	DRA
2	Headlights
