

# Stream Basketball - By Vossel

A live Twitch video broadcasting game that helps engage viewers and grow your channel! Compete in a physics-based game, shoot hoops, and climb the leaderboard for ultimate viewer retention and excitement.

## Controls

- **Move Webcam Frame:** Press and hold the right mouse button to move the webcam frame along with the hoop.
- **Spawn Random Ball:** Press the middle mouse button to spawn a random ball.
- **Adjust HUD Settings:** Click the arrows or scroll to change the corresponding settings in the HUD above.
- **Leaderboard:** View the leaderboard by clicking on the gear icon at the top right corner of the screen.
- **Resize Webcam Frame:** Hover over the edges of the webcam frame. When the edges turn red, you can drag to widen or shrink the selected frame side.

## OBS Settings

To capture and overlay the game, follow the steps below:

1. **Game Capture:** Use game capture to capture the overlay's .exe process.
2. **Overlay Scene:** Overlay it on top of the rest of your scene.
3. **Color Key Filter:** Right-click on the game capture and choose "Filters." Add a color key filter and use the following settings:
  - Key Color Type
  - Key Color: #9D00FF
  - Similarity: 80
  - Smoothness: 50
  - Opacity: 1
  - Keep the rest of the settings at 0
